

Datum's clever design offers a place to rest and recharge; to work and play.

# ARCONAS

Power monument accommodates a plug on all four sides, or two plugs and four USB ports.

## datum

Datum's tabletop floats above the surface of stowed seating and the ottomans align to the structural frame when not in use, creating a unified furniture system. Each table can be equipped with an AC connection and powered USB ports for charging laptops, tablets, phones, MP3 players and gaming devices.
