

place® cluster

The Place® Cluster provides extra personal space and privacy, while maximizing seat utilization. The configuration includes a central table with additional table space beside each seat, providing a generous amount of room for people to work and relax.

CONSTRUCTION

- **Supports, Legs & Arms** - Die-cast aluminum
- **Beam** - Extruded aluminum
- **Seat & Back** - High resiliency moulded foam over contoured steel pans
- **Arm** - Die-cast aluminum with arm pad or tablet
